Sessional Paper No. P- 300

Petition relating to Driver's license reinstatements (Tabled by MPP McDonell,
February 17, 2016)

Response

The Medical Review program is essential to protecting all road users from drivers who have a medical condition that may make it unsafe for them to drive.

The Ministry of Transportation appreciates that Ontarians require a driver's licence for a variety of reasons. To be fair to all drivers, it reviews all cases on a first-come first-service basis and is currently meeting or exceeding the 30 business day public service commitment.

We make every effort to balance the needs of all road users when removing unfit drivers from the road and reinstating driving privileges for those individuals who meet national medical standards.

Sincerely,

Steven Del Duca
Minister
